If you have a few minutes to talk later today, it would be helpful to go over a couple issues with you. I am going to the office shortly, so anytime after around 1:00 will be fine.

Hi Fred,

Non-responsive

The other meeting is at noon, to assist Region 3 with preparing for the administrator's meeting on Dimock. Ralph Ludwig has the lead and is calling in , and possibly Bob, and I believe that I'm not absolutely essential to helping... I'm thinking that our role is to stay abreast of the situation. Bob and Rick recently consulted with R3 on the Bradford blowout quite well. NCEA and OSWER/OEM (via Beth Doyle in OW/OST) are plugged in on the risk side as well. Vicki Binetti is leading the call. I can delegate the appt to Keara or you if you'd like.
